

SAVIN S S

AI/ML Engineer — Python Developer — Data Analytics Enthusiast

Thrissur, Kerala, India ◊ +91 8714827597 | savinsreenu588@gmail.com ◊ linkedin.com/in/savin-s-s | github.com/savin-ss

PROFESSIONAL SUMMARY

Artificial Intelligence and Machine Learning undergraduate with hands-on knowledge in Python, Data Analytics, SQL, Machine Learning, and Power BI. Skilled in data preprocessing, dashboard development, visualization, and analytical problem-solving through projects and internship experience. Passionate about AI technologies, software development, and building data-driven solutions.

EDUCATION

Bachelor of Engineering (B.E.) in Artificial Intelligence & Machine Learning	2022 – 2026
P.A. College of Engineering, Mangalore	
CGPA: 8.55 / 10	
Higher Secondary Education (Class 12)	2022
Technical Higher Secondary School, Varadium	
Mathematics, Physics, Chemistry, Electronics & Computer Science	
Secondary School Education (ICSE - Class 10)	2020
St. Francis School, Orumanayur, Kerala	

TECHNICAL SKILLS

Programming Languages	Python, SQL
Data Analytics	Power BI, Microsoft Excel, Data Visualization, Data Cleaning
Machine Learning	Machine Learning Fundamentals, CNN Basics, Data Preprocessing
Python Libraries	Pandas, NumPy, Matplotlib
Databases	MySQL, MongoDB (Basics)
Tools & Platforms	Git, GitHub, Jupyter Notebook, VS Code, Google Colab
Soft Skills	Communication, Leadership, Teamwork, Problem Solving

INTERNSHIP EXPERIENCE

Python with Data Science Intern	Feb 2026 – May 2026
QSpiders (A Unit of Test Yantra Software Solutions Pvt. Ltd.), Bengaluru	
- Completed industry-oriented training in Python, SQL, Machine Learning, Power BI, and Microsoft Excel - Performed data preprocessing, cleaning, and visualization using Pandas and NumPy - Worked with SQL queries including joins, grouping, filtering, and aggregations - Developed dashboards and analytical reports using Power BI and Excel - Improved analytical thinking and logical problem-solving through real-world tasks	

PROJECTS

Eye Disease Detection using CNN and Explainable AI	2025 – 2026
Deep Learning — Computer Vision — Explainable AI — Python	
- Developed a deep learning-based eye disease detection system using Convolutional Neural Networks (CNN) - Performed image preprocessing, classification, and prediction using Python-based Machine Learning workflows - Integrated Explainable AI (XAI) concepts to improve transparency and interpretability of predictions	

- Enhanced understanding of AI-driven healthcare analytics and medical image processing techniques

Sales Analysis Dashboard using Python and Power BI

2025

Data Analytics — Power BI — Python — Business Intelligence

- Analyzed sales datasets to identify customer purchasing patterns, monthly trends, and top-selling products
- Created interactive dashboards and analytical reports using Power BI and Microsoft Excel
- Performed data cleaning, preprocessing, and visualization using Python, Pandas, and Excel
- Improved business reporting efficiency through visual analytics and data-driven insights

Smart Indoor Plant Care System

2024 – 2025

Machine Learning — IoT — Smart Agriculture — Python

- Designed a smart monitoring system for analyzing plant health using Machine Learning concepts
- Worked on environmental monitoring and disease detection concepts affecting indoor plant growth
- Explored AI and IoT-based approaches for smart agriculture and automated plant monitoring
- Implemented alert-based monitoring concepts for real-time notifications and analysis

CERTIFICATIONS

- IBM Machine Learning with Python – IBM
- CS50x: Introduction to Computer Science – Harvard University
- Google AI Essentials – Google
- Meta Front-End Developer Certification – Meta
- AWS Cloud Fundamentals – Amazon Web Services
- Microsoft Azure AI Fundamentals (AI-900) – Microsoft
- Deloitte Data Analytics Virtual Internship – Deloitte

ACHIEVEMENTS

- Presented a research paper at IEEE DISCOVER 2025 International Conference organized by IEEE Mangalore Subsection
- Developed multiple academic projects related to Artificial Intelligence, Machine Learning, and Data Analytics
- Built strong foundations in Python programming, SQL, Power BI, and analytical problem-solving

ADDITIONAL INFORMATION

- Languages: English, Malayalam, Hindi
- Career Interests: Python Development, Data Analytics, Artificial Intelligence, Machine Learning, Cloud Technologies
- Interests: AI Technologies, Technical Research, Fitness & Sports
